Supports Joseph Brady

I want to express my support for Joseph Brady as he seeks re-election as Trustee of the Victor Valley Community College Board of Trustees. Mr. Brady is a local businessman whose record of accomplishments as a member of this Board is significant. With his vision he has helped make Victor Valley College a place of learning never previously thought possible.

His dedication to excellence is demonstrated by his support of the opening of new policies, of reaching out to the community leaders and providing countless new avenues of instruction. This includes hiring more instructors, opening the first Veterans Center and establishing priority enrollment status to spouses of veterans. This is an extremely short list of reasons why I support him.

Mr. Brady wants the opportunity to continue the work he has started. Please join me in giving him that privilege.

Patricia Hanson
