On 'VVC board special meeting canceled'

Pinkerton and Henderson couldn't attend? Isn't this their job? How very convenient.

They're going to drag this out until it's too late to do anything. It'll work out for them because they can all just point their fingers at each other. This is leadership at its worst.

It will never go to a vote of the people in January, which would cost \$150,000. It would be political suicide for Joe Range and his two supporting trustees. So relax and let them play the game. Job well done, Trustees Denson and Brady! Hang tough and you will win. The entire community is opposed to Mr. Range!

How wonderful Mr. Pinkerton's family is so important to him — more than the students at VVC.
